Law on Working Time, Breaks During Working Hours of Mobile Workers, and Recording Devices in Road Transport ("Službeni list CG", br. 75/2010 i 17/2019)

Član 7

1. A vehicle is any means of transport intended for movement on the road, except children's means of transport, means of transport powered by self-propulsion or motor drive for persons with disabilities or elderly persons, provided they do not move at a speed greater than that of a person walking at a normal pace.

2. Motor-powered vehicle is any vehicle propelled by its own engine power, except vehicles that move on rails.

3. Motor vehicle is a vehicle primarily intended for the transport of people and goods on roads, or used for towing trailers intended for the transport of people and goods, **except for vehicles transporting people and goods that run on rails, motorized bicycles, tractors, and other motor-powered vehicles not primarily intended for the transport of people and goods.**
