Management of the quality of services in road traffic

-- Quality properties --

Prof. Dr. Branimir Stanicć

**Partnership for Promotion and Popularization of Electrical Mobility through Transformation and
Modernization of WB HEIs Study Programs/PELMOB**

Call: ERASMUS-EDU-2022-CBHE-STRAND-2

Project Number: 101082860

- Road and street scenes are static but dynamic unified images or scenes in which drivers and pedestrians move - different events take place in them and different circumstances occur that affect, among other things (time, energy, money, etc.) the safety of users ...

- Road and street scenes are formed by physical objects and buildings, installations, traffic signs and safety equipment, urban furniture, etc.

Road science

Street scene

Defining - determining ...

- Public roads (roads) are roads that are accessible to everyone to the extent permitted by the purpose of the road. (State Roads Act, 1929)
- National roads are public roads between certain parts of the country or connect them with the main roads of neighboring countries....

What does a quality road look like?
