EVENT DESCRIPTION

Date	31.5.2023.
Author	Aida Kalem, Edvin Šimić, Lindov Osman
Institution	University of Sarajevo-Faculty of Traffic and Communications
Event title	The 3rd Regional Professional Seminar "Civil Engineering and
	Transportation 2023, Belgrade, SRB
Event description:	

The promotion of the PELMOB project took place at the 3rd Regional Professional Seminar "Civil Engineering and Transportation 2023," held from May 31st to June 2nd, 2023. In addition to the wide range of topics covered at the seminar, there was also a dedicated presentation focusing on the PELMOB project.

During the seminar, the PELMOB project was presented to the audience, highlighting its objectives, strategies, and anticipated impact. The attendees, consisting of experts and professionals in the civil engineering and transportation sectors, engaged in discussions and provided valuable insights on integrating electromobility into study programs, addressing potential challenges, and identifying opportunities for collaboration.

In summary, the promotion of the PELMOB project at the seminar provided an essential platform to raise awareness, gather input, and foster collaboration towards the transformation and modernization of study programs in higher education institutions, ultimately driving the promotion and popularization of electromobility in the Western Balkan region.

The Almanah PUT Plus, a magazine introduced to the professional audience at this seminar, published an article about the PELMOB project. The article in the Almanah PUT Plus provides further insights into the specific activities, milestones, and expected outcomes of the PELMOB project. It serves as a valuable resource for professionals in the field, offering a comprehensive overview of the project's objectives, participants, and the significance of its contributions to the advancement of electromobility in the Western Balkan region.
