

EVENT REPORT FORM¹

Project title	Partnership for Promotion and Popularization of Electrical Mobility through Transformation and Modernization of WB HEIs Study Programs
Project acronym	PELMOB
Project reference number	101082860/ERASMUS-EDU-2022-CBHE-STRAND-2
Coordinator	University of Mitrovica
Project start date	December 01, 2022
Project duration	36 months

"Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them."

¹ This template has to be filled by PELMOB project partners for informing about promotional events to the coordinator, on e-mail address: pelmob@pr.ac.rs.

EVENT DESCRIPTION

Date	19_20.10.2023.
Author	<i>Lindov Osman, Aleksandra Petrović, Nebojša Arsić</i>
Institution	<i>University of Sarajevo-Faculty of Traffic and Communications</i>
Event title	9th International Conference Towards a Humane City 19/10/2023- 20/10/2023, Novi Sad, SRB
Event description:	<p>The 9th International Conference Towards a Humane City Reshaping Mobility 19/10/2023 - 20/10/2023. Novi Sad, SRB in PANEL DISCUSSION 3 “EDUCATION IN TRANSPORT: ACADEMIA AND INDUSTRY PERSPECTIVES”. The moderators were: Prof. Valentina Mirović, PhD, Faculty of Technical Sciences, University of Novi Sad; Nemanja Garunović, PhD, Faculty of Technical Sciences, University of Novi Sad. The Panelists were: Prof. Dragan Jovanović, PhD, Director of Traffic Department, Faculty of Technical Sciences, University of Novi Sad. Prof. Osman Lindov, PhD, Faculty of Traffic and Communication, University of Sarajevo. Kire Dimanoski, Transport Community Secretariat, Rail Officer. Dejan Stojković, City Administration for Construction Land and Investments, City of Novi Sad.</p> <p>The Erasmus project PELMOB through paper “SUSTAINABLE URBAN E MOBILITY TO TOWARDS INCLUSIVE CITIES” was presented at the conference by authors: Osman Lindov, Aleksandra Petrović, Nebojša Arsić.</p> <p>The conference “Towards a Humane City Reshaping Mobility” served as an exceptional opportunity to engage with industry professionals, experts, and academics from around the world who share a common goal of shaping sustainable cities and Urban E mobility.</p> <p>During the conference, the project team members actively promoted PELMOB, highlighting its core principles of personalization, electrification, and connectivity. Attendees had the chance to delve into the project's visionary concepts and witness how it is poised to revolutionize urban mobility. The interactive presentation captivated the audience, sparking meaningful discussions and fostering collaborations in the pursuit of sustainable urban E mobility.</p>

RESEARCH RESULTS

ENGINEERING EDUCATION IN E-MOBILITY

It is necessary for engineering education to improve and develop the existing curricula in the field of E mobility, especially in the part Ecological and sustainable design of road traffic, Electro Mobility and Hybrid Technology, Organization and exploitation of Electrical Vehicles, Intelligent Technologies for the Internet of Vehicle, Energy Storage Systems for Electric Vehicles, Electric Vehicle Systems Architecture and Standardization Needs.

The aim of the improved study programs is to include different disciplines such as environmental sciences, sustainable transport, and electrical and traffic and transport engineering
